

Internet Use Permission Slip

The Internet is now available for student use at the elementary level. In order for your child to have access to this educational resource, a signed permission slip must be on file. The Conestoga Valley School District's *Acceptable Use Policy for Internet Utilization* has been or will be explained to your child in library class. Important points to remember are:

- Internet use shall be limited to educational purposes
- All persons who access the Internet must conduct themselves in a responsible, ethical and polite manner while using the network
- The use of the Internet is a privilege, not a right, and inappropriate use will result in a cancellation of those privileges
- Students are expected to abide by generally accepted rules of network etiquette as outlined in the district's acceptable use policy
- Vandalism will result in cancellation of privileges
- Students must be supervised at all times when they are accessing the Internet

Please note that the Internet resources offered at school have first been filtered to try to eliminate any inappropriate sites.

After reviewing this information with your child, please complete and sign the permission slip below and return it to school, where it will be kept on file.
